

CANADIAN

545 watt

Solar Panel

DATASHEET / SPECIFICATIONS

NAME	DETAIL	NAME	DETAIL
Brand	CANADIAN	Tier Quality	Tier 1
Panel Wattage	545 watt	Fire Rating	UL Type 2, IEC Class C
Cell Type	Mono Perc Half Cut 144 [2 x (12 x 6)]	Glass	3.2mm tempered glass
Year 2-25 Power Degradation	< 0.55%	1st Year Power Degradation	< 2%
Module Efficiency	21.3%	Solar Junction Box	IP68, 3 Bypass Diodes
Open Circuit Voltage	49.4 volt	Cable	4mm2
Short Circuit Current	13.95 Ampere	Power Output Tolerance	0 ~ 3%
Operating Voltage	41.2 volt	Weight	29.0 kg
Operating Temperature	-40°C ~ +85°C	Height	88.7 inches
Max. System Voltage	DC1500V	Width	44.7 inches
Fuse Rating	25 Ampere	Depth	1.38 inches
Application Classification	Class A	Warranty	12 Years (Material), 25 Years (Performance)

CANADIAN

545 watt Solar Panel

FEATURES

- Module efficiency up to 21.1%
- Best shading tolerance
- Lower LCOE & BOS cost
- PERC technology
- 182 mm wafer +156/144 dual cell
- Wind load up to 2400 Pa
- Heavy snow load up to 5400 Pa
- Minimize micro-crack impacts
- up to 50% lower degradation
- Tier-1 quality
- 25 years power performance
- Class-A application classification
